Cat. No. DME100015B

PRODUCT INFORMATION

Warning: Undefined variable ShasAttributeValueDescription in C:\www.root\mirror.dimablo.com\wp-content\plugins\woocommerce-print-products\public.class-woocommerce-print-products-public.php on line 2806 bM22 Clone ID

SARS-CoV-2 Nucleocapsid Synonyme

Host Species Rabbit

Biotinylated Anti-SARS-CoV-2 Nucleocapsid antibody(DM22); Rabbit mAb Description

Delivery 2-3 weeks PODTC9 Uniprot ID Rabbit IgG

lgG type Clonality Monoclonal Reactivity SARS-CoV-2 Applications ELISA

Recommended Dilutions ELISA 1:5000-10000

Purification Purified from cell culture supernatant by affinity chromatography

Lyophilized from sterile PBS, pH 7.4. Normally 5 % – 8% trehalose is added as protectants before lyophilization. Please see Certificate of Analysis for specific instructions of reconstitution. Formulation & Reconstitution

Storage & Shipping

specific instructions of reconstitution.

Store at 20°C to -80°C for 12 months in lyophilized form. After reconstitution, if not intended for use within a month, aliquot and store at -80°C (Avoid repeated freezing and thawing). Lyophilized proteins are shipped at ambient temperature repeated freezing and thawing). Lyophilized proteins are shipped at ambient temperature are shipped at a specific proteins and the nucleolus; a subnuclear structure; in both virus-infected primary cells and in cells transfected with plasmids that express N protein. The nucleolus is the site of rhosome biogenesis and sequesters cell cycle regulatory complexes. Two of the major components of the nucleolus are thing and nucleolus. The nucleolus are thing and nucleolus are conservation of N protein sequence and its strong immunogenicity; the N protein of coronavirus is a tool for diagnostic.

Research use only Background

Usage Coniugate

, rotein se All DIMA recombinant antibodies are genuinely generated by DIMA Biotech. They are all under patent application. Any protein sequencing or reverse engineering attempt is prohibited. We are actively scrutinizing all patent application to ensure no IP infringement. DIMA Disclaimer
